

got clutter? we can help!

Let Olympia Moving & Storage help you sell your home with our **FREE STORAGE*** and **DE-CLUTTER** service.

Most of today's home owners have accumulated a "lifetime" of household goods and furnishings. This can be a problem for you when trying to sell your home or rent your condo.

It's called "clutter" and it can seriously impair the salability. Your efforts are made much easier when your property "shows well." You want your home to look warm and clean and uncluttered. And we can help.

At Olympia Moving & Storage, our **DE-CLUTTER** service offers you the opportunity to clear spare bedrooms and garages and move all stray belongings or furniture before your home goes on the market. With the help of Olympia, you can create space, clear surfaces, turn junk rooms back into bedrooms and enhance the appearance of your property to prospective buyers.

A professional moving crew will visit your home to pack unwanted items and furniture, then deliver them to our climate controlled storage facility. Those items will be transported back when you have moved into your new home.

**Call Olympia Moving & Storage today for more details on this service.
